

### The AUA

The American Urological Association (AUA) is the premier professional association for the advancement of urological patient care. The AUA conducts a wide range of activities to ensure that approximately 17,000 members stay current on the latest research and best practices in the field of urology. The AUA pursues its mission of promoting the highest standards of urologic care through education, research and health care policy.

- Founded in 1902, the AUA represents 90% of practicing urologists in the U.S.
- In addition, 95% of Board Certified Urologists are members.
- Currently serving U.S., Canada, South America and expanding internationally.
- AUA offers member education, an Annual Meeting and clinical guidelines.
- AUA publishes the prestigious Journal of Urology.
- AUA sets the Standard of Urologic Care .

### The AUA Foundation

## AUAFUNDATION

*The Official Foundation of the  
American Urological Association*

The AUA Foundation is the world's leading non-profit urologic health foundation and the official foundation of the American Urological Association. Our goal is to promote health, provide hope and promise a future free of urologic disease, including cancer.

- Established in 1987, the Foundation consolidated with the AUA in 2005.
- The Foundation has a unique partnership with the AUA and AUA members.
- The connection links the expertise of the AUA with the patient, public and caregivers.
- We are a resource for grassroots and other nonprofit organizations.
- We are the credible big-tent organization with national reach.
